Conclusion

Conclusion

- ▶ Of our two original goals, the first proved infeasible
- ▶ Implemented a system to apply suspiciousness evaluation to coverage data

Conclusion

- ▶ Of our two original goals, the first proved infeasible
- ▶ Implemented a system to apply suspiciousness evaluation to coverage data
- ▶ Completed a small study

Conclusion

- ▶ Of our two original goals, the first proved infeasible
- ▶ Implemented a system to apply suspiciousness evaluation to coverage data
- ▶ Completed a small study
- ▶ No statistically significant results generated due to CodeCover limitations

Conclusion

- ▶ Of our two original goals, the first proved infeasible
- ▶ Implemented a system to apply suspiciousness evaluation to coverage data
- ▶ Completed a small study
- ▶ No statistically significant results generated due to CodeCover limitations
- ▶ Several possible areas for future work identified
